How Many Girls and Young Women

Do you see every day of your life, with drawn face expression, squinting eyes, wrinkled brows, and distorted faces, all caused by the great effort made to see? How soon they grow prematurely old on account of the continued effort which is necessary to have in use every second of the day. Who would not cheerfully wear a pair of slightly, properly fitted lenses and overcome these manifold troubles including the headaches that generally go with such cases? This is well worth your consideration. See yourself as others see you. Examinations free. Your money back for anything we do, if its not right. Can you do as well elsewhere? Mr. and Mrs. Harsch.

PARKER'S LETTER OF ACCEPTANCE.

The country had been waiting for some days to see whether Judge Parker in his letter of acceptance would take a positive stand on any issue before the American people. In his speech of acceptance he had decided opinions on many questions about which there was no dispute, but in the true Dave Hill style he had failed to express himself, except in the most general terms on questions about which there was a difference of opinion. In his letter he actually takes a position on a few questions, but not many. He now says he believes in the gold standard. Heretofore he left that to inference by saying that he considered "the gold standard irrevocably fixed."

So as to the tariff. In his previous utterances he had left the inference that nothing would be done by his party. Now he indorses the Democratic platform which says that "protection is robbery," and demands the immediate repeal of the present tariff law.

The only other issue about which he is positive is in reference to pensioning union soldiers. President Roosevelt in his recent letter of acceptance, in reference to the Democratic opposition to his pension order of last March, had spoken as follows: "It is easy to test our opponents sincerity in this matter. The order in question is revocable at the pleasure of the executive. If our opponents come into power they can revoke the order and announce that they will treat the veterans of 62 and 70 as presumably in full bodily vigor, and not entitled to pensions. Will they authoritatively state that they intend to do this?" Parker in his letter quotes this paragraph from Roosevelt's letter and says: "I accept the challenge and declare that if elected I will revoke that order."

President Roosevelt in his letter made a number of such challenges in reference to prominent questions. It seems strange that the only one squarely accepted would be the one to strike down pensions being received by union veterans, but that is the case.

We have then at least three things that Judge Parker is willing to say he will stand for:

First, he is for the gold standard. But who will say that his gold standard will be any better than the Republican gold standard which we already have?

Second, Judge Parker thinks protection is robbery, and is for the repeal of the present tariff law. Presumably he would be for a Cleveland tariff, such as we had under Cleveland's last administration.

Third, he would revoke the Roosevelt pension order of last March by which thousands of union soldiers are now receiving pensions.

Is it any wonder that the belief grows that Roosevelt will carry Indiana by 30,000?

Political Gossip.

Hear Governor Durbin and Capt. W. E. English at the opera house next Friday evening. This will be the first republican meeting of the campaign in Seymour. A cordial invitation is extended to everybody to hear these distinguished men.

The republicans of Hamilton township have nominated J. T. Pruden for township trustee and J. A. Roberts for assessor. Both are mighty good men and stand high with the people.

Masquerade Party.

Grover Cordes gave a masquerade party at the home of Mr. and Mrs. August Cordes last evening. About nine or ten couples were present and spent a most enjoyable evening. Refreshment were served and games, music, etc., added to the pleasure of the evening.

Pigeon Roost Ceremonies.

Much interest is being manifested in the dedication of the Pigeon Roost monument next Saturday. Excellent train services has been provided. Parties can go from Seymour and back that day, with sufficient time between trains to see the whole of the ceremonies. Quite a crowd will certainly go from Seymour. J. H. Hodapp a member of the commission that had charge of the erection of the monument, would of course be highly pleased if a big delegation of his home people would go.

Governor Durbin and Captain W. E. English go from here early Saturday morning.

Novel entertainment will be the Old Fiddlers Contest tonight.

Baldwin Gives A Remarkable Exhibition of Thought Transference.

The sensational blindfold street test, which was the opening act of the Old Fiddlers Contest was successfully given by Dr. S. S. Baldwin, this afternoon under conditions which preclude any possibility of doubt as to it being a fixed affair.

The method Baldwin followed was to give each one of the committee a slip of paper to write the name of any article he desired to hide, then the slips were put into a hat, one slip was drawn out, then four more slips were given to the committee and each was asked to write his choice where the article should be hidden. These were also put into the hat and one slip was drawn out. The slips were written by the committee, the hat held by the committee, and Baldwin had no chance to know in any way what was on the slips. Then the committee was told to go and visit several places and pretend to hide the article, but, they must hide it in one of the places visited. The reason for going to so many places was to prevent the crowd from knowing just where the hidden article was located.

The committee left one of its members with Baldwin to see that he was not given any tips. Several places were visited by the committee and a place was found where all declared no one could ever find the article. When the committee returned Baldwin asked each one to think just for a few moments where the article was hidden. Soon he expressed himself satisfied and handed the committee two pieces of cotton batting and told them to pack his eyes with it. Then a heavy piece of black cloth for a blinder was tied over his eyes. He led the committee to the back that was waiting outside, mounted the seat, took the reins in his hands, seated alone, with the committee in possession of the rear seats. He drove as well as many drivers could with both eyes open and soon was in the vicinity where the article had been left. He got off the seat and after a short search found what the committee had hidden.

Whether the exhibition was accompanied by trickery, science, or by occult aid, it matters not, certainly was a wonderful demonstration.

A REPUBLICAN representative asked Baldwin how it was done and he said "simply listen to the explanations of the crowd and select the one that seems the most reasonable to you; I have found those who cannot do the act, can tell more about it than I ever knew."

Read the following affidavit:

We the undersigned members of the driving test committee, do hereby collectively and separately state under oath that we were in no way confederates of S. S. Baldwin. We further state that we did not tell him the name of the article to be hidden nor the location where the article was secreted, except the mental conditions required by him. The article was a copy Election Laws Indiana, 1899, and was hidden in lumber pile at the old Postoffice Mill North Vine street. So far as the committee could discern, the test was a genuine test of mind-reading of the highest character.

Carried Some Insurance.

George Goens, whose residence on West Oak street was destroyed by fire Monday afternoon, carried \$500 insurance on the house and \$300 on the furniture. The house and small buildings adjoining were a total loss but much of the furniture was saved. The house was comparatively new. The fire is supposed to have started from a defective flue. There was no one at home when the fire broke out.

COMPARISON OF FIGURES.

Showing the Cost of Building Association Loans and Ordinary Loans.

A comparison of the cost of a loan of \$1,400 on ordinary note and of the same amount borrowed through the CO-OPERATIVE BUILDING AND LOAN ASSOCIATION

of Seymour, Indiana, is both interesting and instructive showing in each case the amount paid back by the borrower.

Ordinary Note Loan.

Principal.....\$1,000 00

Interest 6 per cent. for 6 years..... 360 00

Total.....\$1,360 00

Building Association Loan.

Initiation fee, 10 shares..... 2 50

Premium 6 per cent. payable only once 60 00

Interest 6 per cent. for 6 years..... 360 00

Dues \$2.50 per week for 6 years..... 780 00

Total.....\$1,202 50

Bal. favor of association \$ 157 50

In this comparison it is estimated that six years will be required for the building association stock to mature.

As a matter of fact all the stock thus far has matured in less than six years. This gives the association still further advantage as less dues and interest would be paid. Besides the payments in the building association are made in small amounts every week and are much easier to meet than the larger amount in one lump sum.

New series "G" will start Monday, October 3, and stock may be taken either for investment or loan. For full particulars, see W. F. Peter, Sec.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Watson.

Miss Gannon, Sec'y Detroit Amateur Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"DEAR MRS. PINKHAM:—I can conscientiously recommend Lydia E. Pinkham's Vegetable Compound to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness, and felt so weary that I had hard work to keep up. I had shooting pains, and was utterly miserable. In my distress I was advised to use Lydia E. Pinkham's Vegetable Compound, and it was a red letter day to me when I took the first dose, for at that time my restoration began. In six weeks I was a changed woman, perfectly well in every respect. I felt so elated and happy that I want all women who suffer to get well as I did."—Miss GULA GANNON, 359 Jones St., Detroit, Mich., Secretary Amateur Art Association.

It is clearly shown in this young lady's letter that Lydia E. Pinkham's Vegetable Compound will certainly cure the sufferings of women; and when one considers that Miss Gannon's letter is only one of the countless hundreds which we are continually publishing in the newspapers of this country, the great virtue of Mrs. Pinkham's medicine must be admitted by all; and for the absolute cure of all kinds of female ills no substitute can possibly take its place. Women should bear this important fact in mind when they go into a drug store, and be sure not to accept anything that is claimed to be "just as good" as Lydia E. Pinkham's Vegetable Compound, for no other medicine for female ills has made so many actual cures.

How Another Sufferer Was Cured.

"DEAR MRS. PINKHAM:—I cannot praise your wonderful remedies enough, for they have done me more good than all the doctors I have had. For the last eight years and more I suffered with female troubles, was very weak, could not do my housework, also had nervous prostration. Some days I would remain unconscious for a whole day and night. My neighbors thought I could never recover, but, thanks to your medicine, I now feel like a different woman.

"I feel very grateful to you and will recommend Lydia E. Pinkham's Vegetable Compound to all. It has now been four years since I had the last spell of nervous prostration. I only weighed ninety-eight pounds at that time; now I weigh one hundred and twenty-three. I consider your Vegetable Compound the finest remedy made. Thanking you many times for the benefit I received from your medicine, I remain, Yours truly, Mrs. J. H. FARMER, 2809 Elliott Ave., St. Louis, Mo."

Remember Mrs. Pinkham's advice is free and all sick women are foolish if they do not ask for it. She speaks from the widest experience, and has helped multitudes of women.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

TRACED TO GENEVA

St. Petersburg Authorities Say They Have Discovered Source of Plot.

POLICE STILL BAFFLED

While the Arch Conspirators Are Said to Have Been Found They Are Free From Arrest.

Police Unable to Take Action Owing to Construction of Laws of Switzerland.

St. Petersburg, Sept. 27.—While some of the features of the plot which culminated in the assassination of M. Von Plehve, the minister of the interior, still baffle the police, the authorities profess to be now perfectly certain that the conspiracy was hatched in Geneva by half a dozen Russians, mostly Jews. The authorities know the names and addresses of the conspirators, but are unable to take legal action against them owing to the failure of the laws of Switzerland to interfere with political refugees and therefore Russian terrorists are at liberty, from their haven in the Alps, to continue the work of assassination of Russian ministers so long as they are able to find emissaries willing to risk their lives, the organizers never venturing to carry out their own designs. Six men who engineered the Plehve plot, according to the result of the Russian police investigation, are declared beyond a shadow of doubt to have organized the series of political crimes with the exception of the murder of M. Bobrikoff, the governor general of Finland, which began by the assassination of M. Bogdanovitch, governor of Ufa, on May 19, 1903, and ended with the blowing up of Minister Plehve on July 20 of this year. Gerschunin, whose plot resulted in the assassination of Minister of the Interior Siragunin on April 15, 1902, now turns out to have been only an emissary of these Geneva terrorists.

For the first time the fact is now revealed that M. Plehve's murder has been preceded by four abortive attempts to encompass his death, which the department of political police frustrated in the nick of time by the arrest of the would-be assassins, who were quietly imprisoned or banished. Only one of these attempts has hitherto become public, and that was revealed by the accidental explosion of a bomb in the Hotel du Nord in St. Petersburg. Sazonoff and two of his accomplices continue to maintain obstinate silence regarding the assassination of Minister Plehve, although one of the accomplices has confessed that he threw a bomb into the canal the morning of the assassination. Bernstein, the other accomplices, obeying the injunction of the terrorists, refuses to make any statement.

Whole Family Wiped Out.

Columbia, D. C., Sept. 27.—A telegram was received at Gaffney, this state, announcing the death of Lee Hill, at Jolico, Tenn., who was killed in an explosion in a powder mill. The body was expected at Gaffney Saturday night, but instead a telegram was received stating that the body, accompanied by Scott Hill, his father, Lee Hill's wife and four children and a single sister were on the ill-fated Southern train which was wrecked Saturday, and that all were killed. The bodies of all seven of the family reached Gaffney yesterday.

Work Is Resumed.

Chicago, Sept. 27.—Nine thousand men returned to work without union regulations of any sort when the three Chicago branches of the International Harvester works and the Pullman company reopened their shops after a shutdown of two weeks. The men not only returned to their former places as individuals, but they also agreed to reductions in pay of 10 to 20 per cent.

Colombians Exhibit Their Spleen.

Colon, Sept. 27.—The American consulate at Cartagena, having been twice recently besmeared with filth, Rear Admiral Sigbee, with his flagship, the Newark, was ordered to proceed to Cartagena and investigate the circumstances. Governor Patron made ample apology and the incident is considered closed.

Wife Murder and Suicide.

Kernersville, N. C., Sept. 27.—Louis F. Carmichael, a carpenter by trade, aged sixty-four years, killed his wife, aged fifty years, seriously wounded his twelve-year-old stepdaughter, and then cut his own throat with a razor and shot himself with a pistol. Carmichael and his wife separated several weeks ago.

A WOMAN ON TRIAL

Mrs. Morton at Marshall, Ill., Charged With Husband's Murder.

Marshall, Ill., Sept. 27.—Mrs. Gertrude Morton is on trial in the circuit court for the murder of her husband, Mack Morton, a few weeks ago. She is the daughter of a prominent physician and she was married to Morton, who was the son of a banker, a year ago. While a street fair was in progress at Marshall last month Morton insisted on leaving his home to return to the lively scenes on the street one night about 11 o'clock, and during the quarrel which followed he was shot. When persons, attracted by the shooting arrived, they found Mrs. Morton bending over her husband's prostrate form, counting the heartbeats. He died about an hour later.

LEFT TRAIN IN AIR

Bridge Went Down on Burlington Road and Caused Bad Wreck.

Peoria, Ill., Sept. 27.—As a result of a washout on the Burlington railroad near Elmwood, two passenger cars were derailed, John Bock was killed, three persons were probably fatally injured, and twelve received bruises. The wreck occurred at the junction of a small stream and the Kickapoo creek. A terrific rainstorm visited that section and the roadbed of the track was washed out for a short distance, leaving the rails suspended in the air.

The train struck the unsupported rails at a high speed. The engine shot across and left the track, but remained upright. The baggage car was hurled into a deep ditch and the smoker on top of it. The chair car remained on the track.

Doukhobors Change Their Quest.

Winnipeg, Man., Sept. 27.—Word has been received here from the Doukhobor colonies near Saskatoon, N. W. T., that a large body of them has started on a march for the United States. This time they are not looking for the Messiah, but are on the trek for a warmer climate. The affair is causing much excitement, as it is not known to what extremes these people will go to obtain their ends. It is feared they have started on the longest pilgrimage they have ever had. The royal Northwest mounted police is being rushed to the scene.

His Delusion Shattered.

Havana, Sept. 27.—R. A. Hamel, former paying officer of the city of Montreal, who is charged with cashing a forged check for \$10,000 and who has been living in Havana in the belief that he could not be extradited, has been arrested on the request of the British foreign office, the Cuban government complying with the request in lieu of an extradition treaty.

In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlet, of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." For sale by C. W. Milhous.

A Boom for Pluto.

New York, Sept. 27.—It is understood that Western headquarters for the Democratic national committee will be established at French Lick Springs, Ind., early next month, and in all probability will be under the direction of Thomas Taggart, chairman of the national committee. From French Lick the campaign will be directed in the states of Indiana, Illinois, Wisconsin, Ohio, Kentucky, Michigan, Missouri, Iowa and all the far Western states where there is the possibility of winning electoral votes.

Sour Stomach.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by C. W. Milhous.

Auto in Serious Wreck.

Pittsburg, Sept. 27.—A collision between W. L. Dixon's automobile and an Avalon streetcar last evening resulted in the serious injury of W. L. Dixon, James Wilson and George E. Turner. Dixon and Wilson will be lamed for life. The automobile was smashed to pieces and a small panic created among the streetcar passengers, many women fainting, but none of the passengers being seriously hurt.

The Stomach is the Plan.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissue and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure digests what you eat, cleanses and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by A. J. Pelens and W. F. Peter Drug Co.

UP TO THE DEMOCRATS

Governor Durbin Defies Opposition to Prove Its Charges.

Indianapolis, Sept. 27.—Governor Durbin's open "defiance" to the Democratic national committee today was a surprise to nearly every politician, as they did not know it was coming. It was read with great interest. One comment freely heard was that it was characteristic of the governor to strike back as hard as possible at his critics. Even the governor's enemies in his own party felt today that he has given the Democratic organization a hard nut to crack, as he has put it up to the Democrats to prove the statements of their own platform by the Democratic members of the institutional boards or to stamp their platform as a document containing baseless charges. It will be interesting to note what action the Democrats take. If they don't accept the challenge the Republican speakers will no doubt point to it as conclusive evidence that the Democrats have backed water on their own proposition.

Important political announcements seem crowding one another thick and fast this week. Today it was stated that Bryan is to spend ten days touring Indiana, beginning Oct. 12, and that Taggart will establish Western headquarters for the national committee at French Lick. The latter story sounds as if it came direct from fairyland. Politicians who are accustomed to reading all sorts of dope on the situation were not a little surprised at the statement in morning dispatches that French Lick is to be the storm center for the Western political battle. Dispatches last night stated that Taggart at the request of Judge Parker is coming to Indiana to take charge of the campaign in hopes of landing the state in the Democratic column were not surprising, as it has been suspected that events might take such a turn after the general plan of campaign was outlined, but the idea of Western headquarters being established at French Lick probably never entered anyone's mind here till today. Secretary Kelley of the state committee and other party leaders said they never heard a word of it before. Many of them admitted that it would be a picturesque spot for Western headquarters, but if headquarters should be located there half of them will be ready to fall dead with surprise.

The announcement that Bryan is to be in Indiana ten days forms one of the most important and interesting chapters of the campaign. There has been a great demand for Bryan—probably greater than for any other man, but Chairman Ryan of the Democratic speakers' bureau has not made many promises, as it was not thought that Bryan would spend more than four days in the state. It is said, however, that Bryan not only likes to campaign in Indiana because of his great personal following, but that he is anxious to come this time to help his good friend John W. Kern in his race for governor. He will probably make thirty speeches and every congressional district will probably hear from him. It is problematical what effect his trip will have. The Democrats believe he will do a world of good, for while they are not admitting it for publication, they will privately tell you that some of the Democrats in the rank and file are not in complete harmony with the ticket and platform. If Bryan can line them up successfully he will give to the campaign a still greater element of uncertainty.

Word received at the Democratic state committee rooms bears out the truth of the statement made by your correspondent several days ago that the Democratic national committee is laying plans for a whirlwind finish in Indiana. In addition to Bryan Senator Joe Blackburn of Kentucky, Senator W. J. Stone of Missouri and former Governor Patterson of Colorado are to be sent to the state the middle of next month along with David B. Hill, President Ingalls of the Big Four and a half dozen other men of national reputation in politics. Besides these Taggart has sent to the committee a list containing such men as Senator Tillman and others who are known as the greatest spellbinders of their day. While Bryan is pulling his followers together Hill, Ingalls and others will be talking to the gold Democrats. Then if Taggart comes to assume charge of things the Democratic campaign in Indiana will take on more life than it has since the days when it was a toss-up as to which side would win.

Democratic Campaign Plans.

New York, Sept. 27.—The Democratic campaign will open in Indiana Oct. 7, when M. E. Ingalls of Cincinnati will speak at Indianapolis; Senator Blackburn of Kentucky will speak Oct. 13, and Senator Stone of Missouri, Oct. 19. The places will be fixed by the Democratic state committee.

Hard to Get a Jury.

Huntsville, Ala., Sept. 27.—At the trial of Ben Hill, an alleged lyncherman, on the charge of murder, seventy-seven talesmen were examined before a jury of twelve competent men were found. Several witnesses testified that Hill climbed the tree to tie the rope at the hanging of Maples.

A Significant Difference.

San Juan, P. R., Sept. 27.—Porto Rico's 1,007 public schools opened Monday with 60,000 pupils enrolled. In the first school year during American occupation there were 800 schools with 25,000 pupils.
